

AIRPORT INSTRUCTIONS

PARKING INFORMATION (No Greeters)

If you need to park in any of the garages (i.e. when there are no airport greeters on duty), you will be given a Parking Access Card from the Transportation Desk (must be signed out). Upon the completion of your trip, this must be returned to the dispatcher at the Aviva Centre (not the hotels).

Terminal 1 instructions – Parking is off Departure or Arrivals, preference is Arrivals. Use Express Park. TAP the parking card on the parking gate card reader to enter and exit. You will not be given a ticket.

Terminal 3 instructions – TAP the parking card on the parking gate card reader to enter and exit. You will not be given a ticket.

Do not insert card into any card reader slot, you could lose the card!

****Make note of where you park!****

T3 HOLDING LOT & POST NUMBERS (Airport Greeters)

During peak times, airport greeters will greet the party inside the airport.

Drivers are to wait in the T3 Coach and Pre-arranged parking lot (not the Cell Phone Parking Lot).

The airport greeter or Aviva Centre dispatcher will call the driver to proceed to a designated terminal post number when the party is ready for pickup. We anticipate using the following terminal post numbers, but the airport greeter may ask you to go to different post depending on the conditions.

Terminal 1 – Arrivals Level, Outer Curb Lane, Area D, between Post D2 and D4

Terminal 3 – Third Curb Lane (via Car Rental Return lane), Post c32 or c34

See attached map for the T3 Coach and Pre-arranged parking lot location.

When approaching from airport from the north via 427 South, follow drive toward Terminal 3, and enter the Holding Lot by staying to the right. Turn right into the Lot and then right again to park at the back of the eastern section of the lot.

- On the map, follow the green line to enter the lot.
- On the map, follow the red line to exit the lot enroute to the terminal arrival areas.

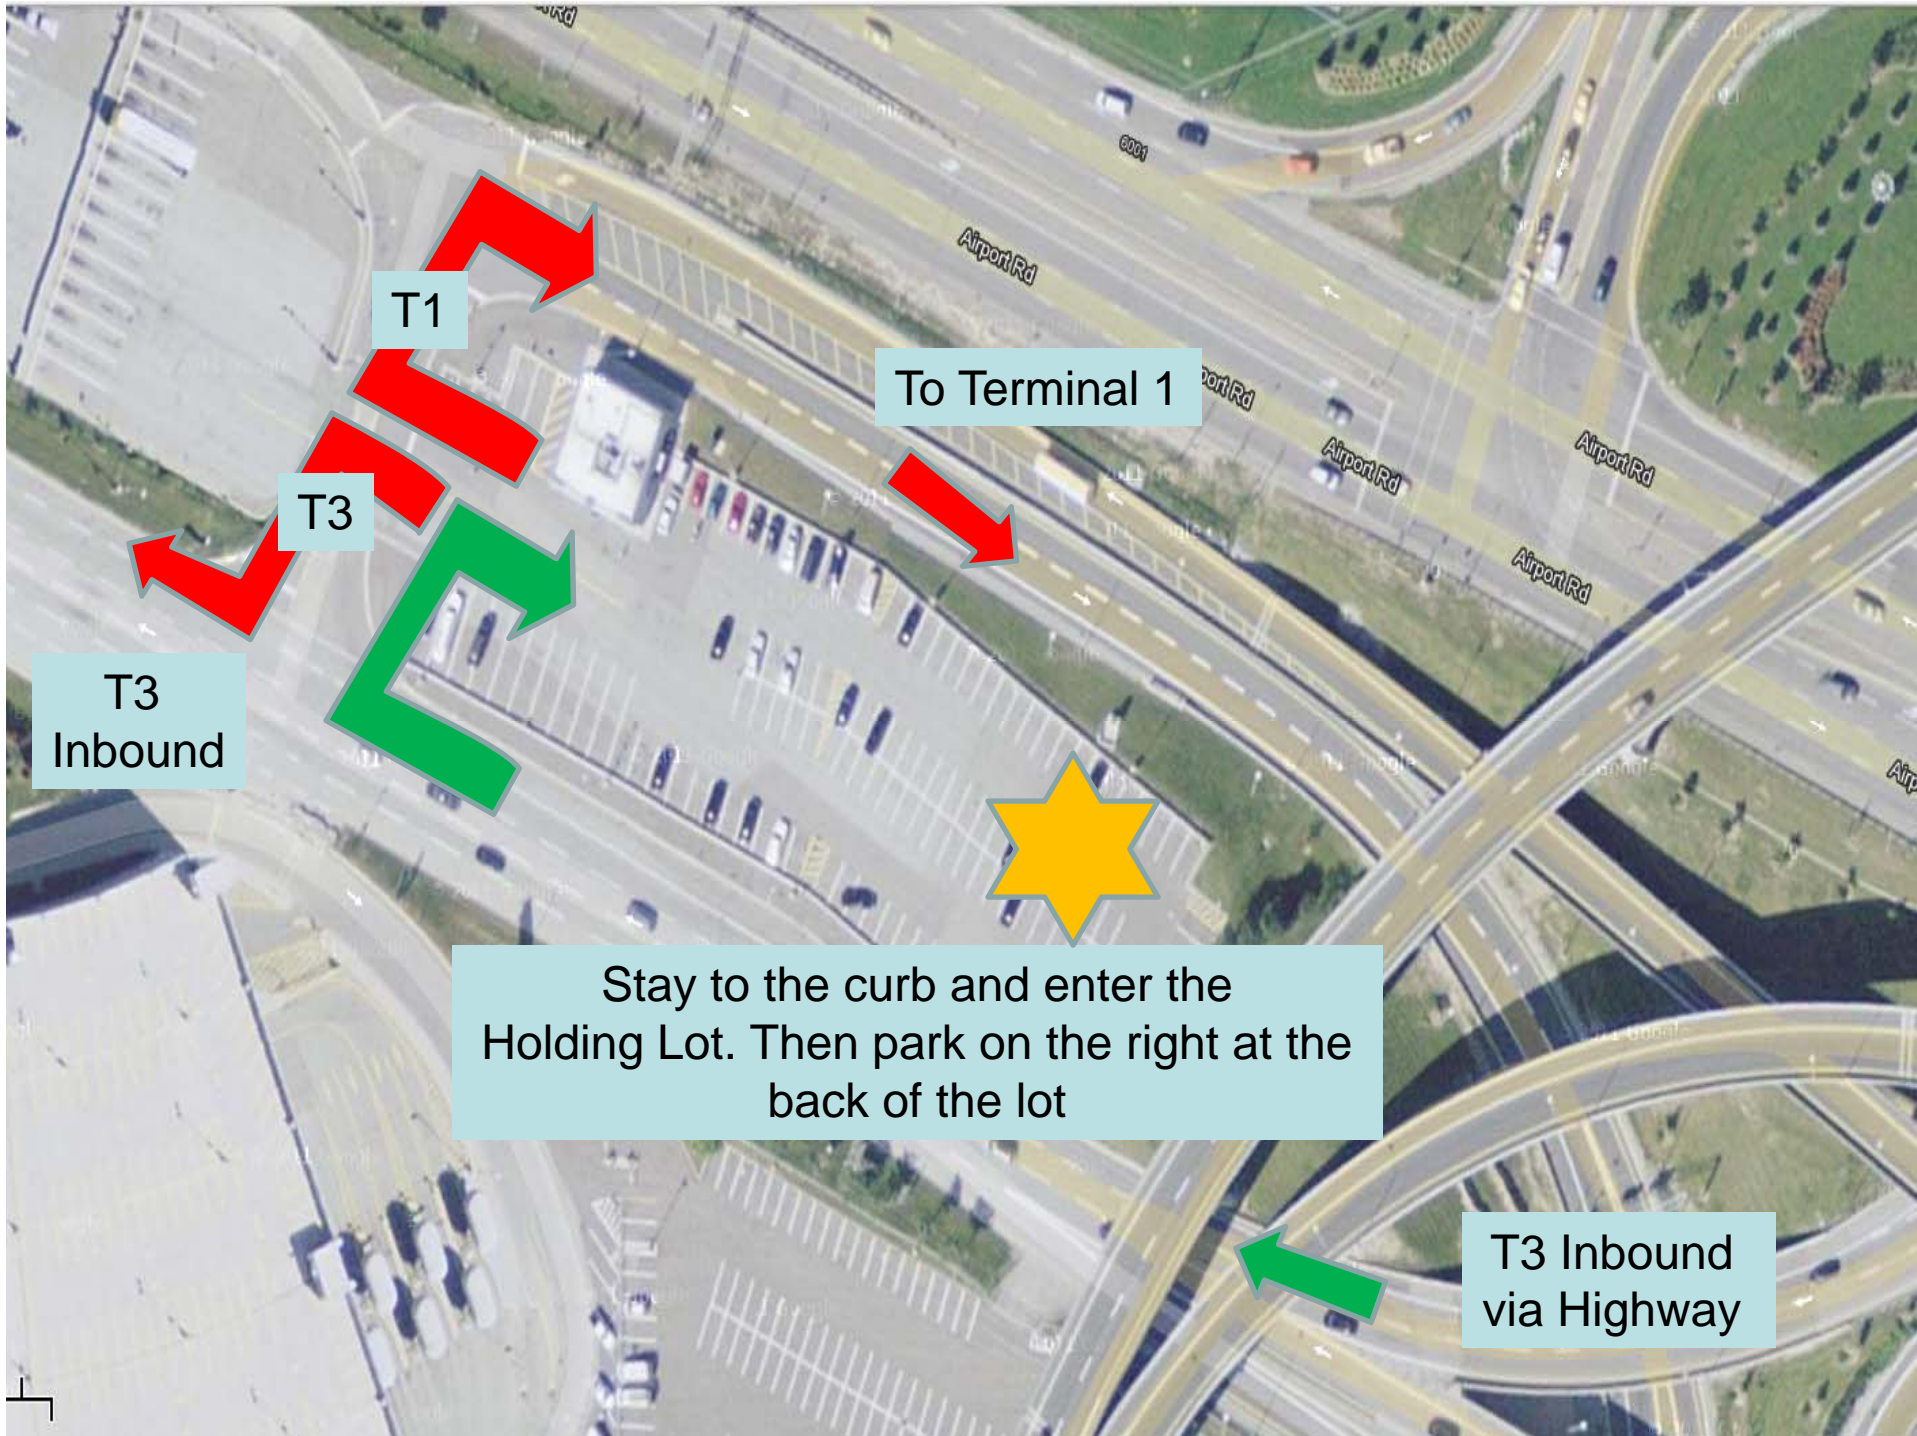

AIRPORT RE-CIRCULATION
