## Parking Gate Entry and Exit Procedures

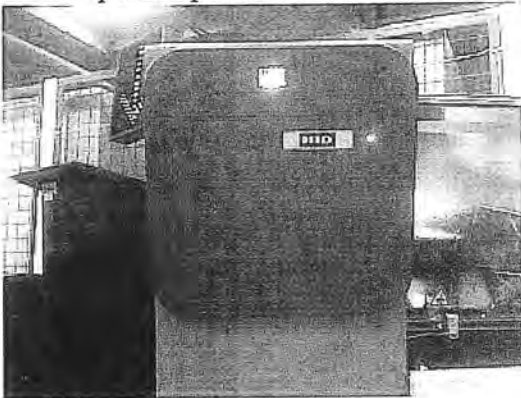

The following outlines procedures on how to enter and exit the parking garage facility.

### Entering

- 1 Slowly approach the parking gate so the driver's side of the vehicle is within arm's length of the reader (electronic card scanning device).
- 2 Lower the car window.
- 3 Hold the parking card or tag in your hand.
- 4 Holding the parking card in your hand, stretch your arm out and present the card to within 2 feet of the reader (electronic scanning device).
- 5 Please wait while the parking control system authenticates your parking card.
- 6 You can raise the car window.
- 7 When the parking gate lifts, enter the parking garage and proceed to your parking location.

### Exiting

- 8 Slowly approach the parking gate so the driver's side of the vehicle is within arm's length of the reader (electronic card scanning device)
- 9 Lower the car window.
- 10 Hold the parking card or tag in your hand.
- 11 Holding the parking card in your hand, stretch your arm out and present the card to within 2 feet of the reader (electronic card scanning device).
- 12 Please wait while the parking control system authenticates your parking card.
- 13 Raise the car window.
- 14 When the parking gate lifts, exit the parking garage. If you encounter any difficulties, please press the intercom button.
